

Works Notification

Temporary car park closures Watergardens station

25 May - 1 August 2020

Major construction is continuing along the Sunbury rail corridor as part of the Sunbury Line Upgrade. To enable the installation of new power, communications and signalling infrastructure, we are temporarily closing a section of the Watergardens station car park to public use.

What we are doing

- Temporarily closing some car parking spaces in the eastern Watergardens station car park
- Non-destructive digging to investigate ground conditions and confirm the area is free of underground services
- Using excavators and boring machines to dig underground
- Installing communications and power services in excavated trenches
- Delivering and storing construction materials on site
- Asphaltting over excavated trenches and returning the car park to public use.

When

- Monday 25 May to Saturday 1 August 2020
- 7am to 6pm, Monday to Friday
- 7am to 1pm, Saturdays.

What to be aware of

- Please note that while construction will take place during normal construction hours, the car parking spaces will be closed **24/7 for the full duration of these works**
- These works are expected to generate medium levels of noise and vibration
- There will be an increase in construction vehicles travelling on local roads to access Watergardens Circuit Road. Traffic controllers will be present at times to assist with vehicle and pedestrian movements around the site.

Health and safety

The health and safety of our workers and the community is our key priority as we continue to deliver the Sunbury Line Upgrade, as is supporting physical distancing measures in line with current health advice.

We have strict protocols in place to protect the safety of our construction workforce, including enhanced industrial cleaning arrangements, provision of personal protective equipment and measures to reduce staff contact, including staggered shifts.
