

Works Notification

Out of hours work Middle Footscray station

15 June - 6 July 2020

Major construction is continuing along the Sunbury rail corridor as part of the Sunbury Line Upgrade.

Upcoming works at Middle Footscray station include finishes to the platform extension constructed in late 2019 and construction of a maintenance access ramp. To enable these works, some temporary traffic changes will be required along a section of Victoria Street, Footscray.

What we are doing

Station works

- Delivering concrete and asphalt onto the platform via the pedestrian ramp using motorised wheelbarrows
- Pouring concrete to form a new maintenance access ramp and asphaltting the surface
- Installing tactiles and line markings on the extended platform.

Temporary traffic changes

- To allow asphalt to be delivered into the rail corridor, the northbound lane on Victoria Street between Errol and Buckley streets, including the bicycle lane and pedestrian footpath, will be closed for up to two hours at a time during the works
- A pedestrian detour will be in place while traffic flow will be maintained in both directions using a shuttle-flow arrangement, with traffic controllers present to direct vehicles and cyclists
- Construction vehicles will be accessing the rail corridor 24-hours a day.

When

- 8pm to 6am, Monday 15 June to Thursday 18 June 2020
- 7am to 6pm, Saturday 20 June and Sunday 21 June 2020
- 8pm, Friday 26 June to 6am, Monday 6 July 2020.

What to be aware of

- These works are expected to produce medium levels of noise and low levels of vibration
- During lane closures there will be changed traffic conditions in the area including reduced speed limits and signage to direct vehicles
- Traffic controllers will be present at times to assist construction vehicle access, pedestrians and cyclist movements. Please move carefully and follow the direction of traffic controllers at all times
- The use of generator-powered lighting towers will be required during nightworks. Where possible, these will be faced away from residential properties
- For the safety of rail users and our workers, some of these activities can only be performed out of hours when trains are not running.

KEY

- Works area
- Temporary lane closure
- Temporary footpath closure
- Pedestrian detour

Health and safety

The health and safety of our workers and the community is our key priority as we continue to deliver the Sunbury Line Upgrade, as is supporting physical distancing measures in line with current health advice.

We have strict protocols in place to protect the safety of our construction workforce, including enhanced industrial cleaning arrangements, provision of personal protective equipment and measures to reduce staff contact, including staggered shifts.
