

Works Notification

Overhead wiring works

Keilor Downs

11-14 September 2020

As part of the Sunbury Line Upgrade, we are delivering power upgrades that will enable bigger, more modern trains to run on the Sunbury Line. We will soon be undertaking out of hours work in Keilor Downs in order to prepare the rail corridor for new infrastructure.

What we are doing

- Using an excavator to dig under rail track and installing PVC pipes underneath. These conduit pipes will carry concrete into the rail corridor for installation of future overhead wiring structures
- Delivering construction materials into the rail corridor
- Transporting excess material offsite.

When

- 9pm, Friday 11 September to 6am, Monday 14 September 2020.

What to be aware of

- These works are expected to generate medium levels of noise and low levels of vibration
- Construction vehicles will access the rail corridor via Victoria Road, Sydenham
- Generator-powered lighting towers will be required during nightworks. Where possible, they will be faced away from residential properties.

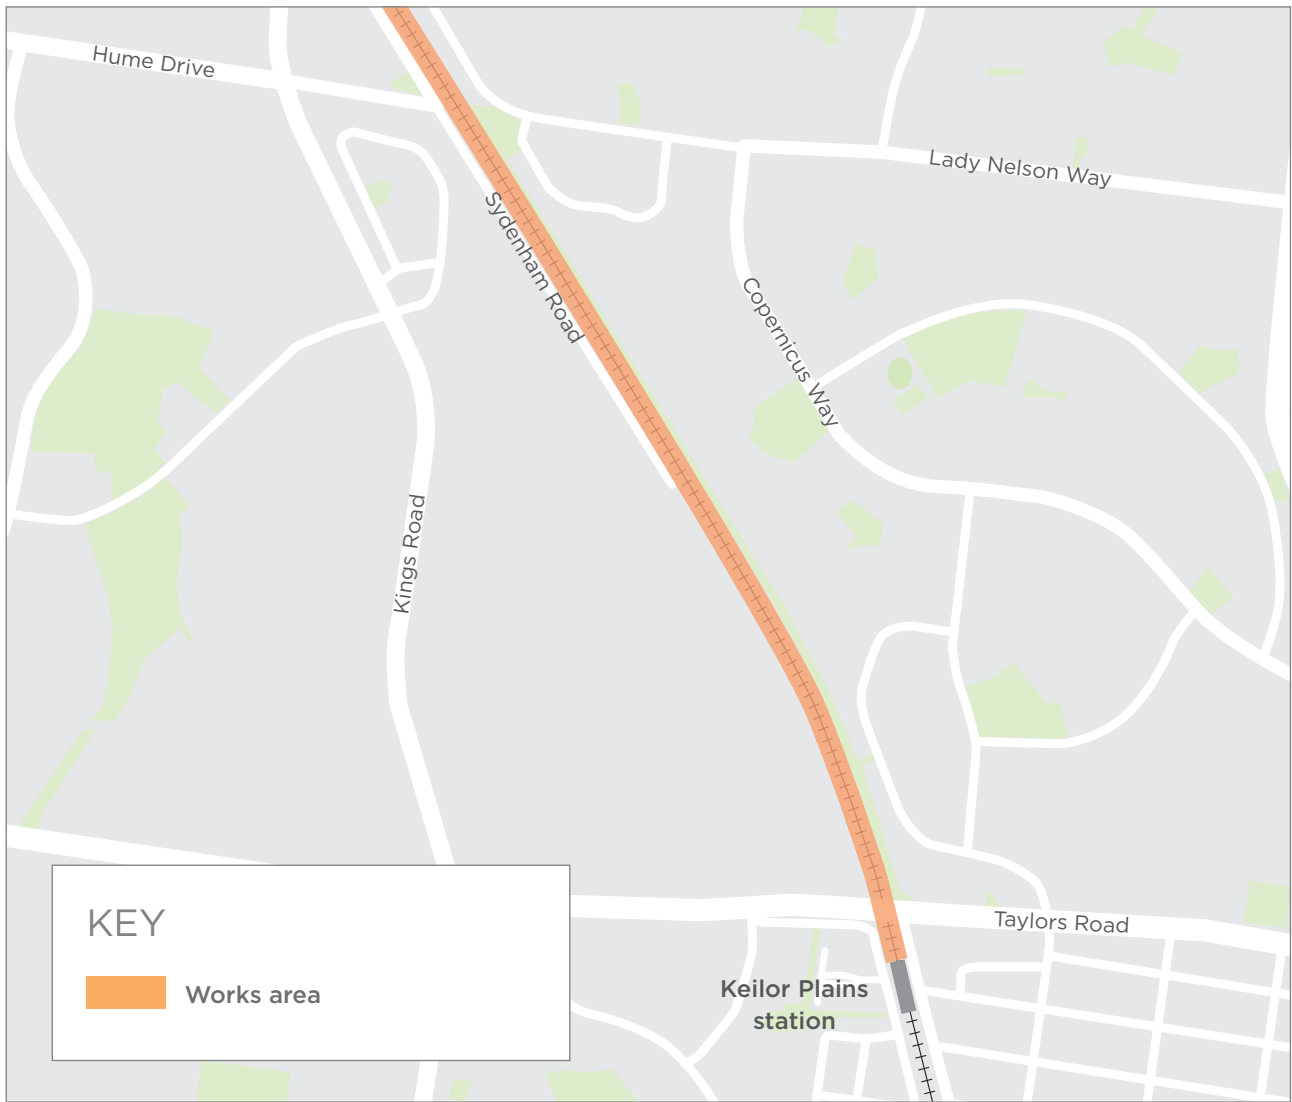

Health and safety

The Sunbury Line Upgrade is a critical state infrastructure project under Stage 4 restrictions, allowing work to continue with strict health and safety measures in place.

The health and safety of our workers and the community is our key priority and we have measures in place to protect the safety of our construction workforce, including temperature screening, additional protective equipment including masks, daily health screening of workers, enhanced cleaning, staggered shifts and break times, and physical distancing.

Our workforce numbers across Victoria's Big Build have already been significantly reduced to support directions from the Chief Health Officer, and we are continuing to manage the number of staff and visitors attending our worksites.

Keeping you informed

To help support the Victorian Government's stage 4 coronavirus (COVID-19) restrictions while still making sure people know what's happening in their area, we've temporarily changed the way we'll notify you about upcoming works.

We are using the following channels instead of hand delivering information into your letterbox at this time.

Please sign up to our email updates via the Rail Projects Victoria website railprojects.vic.gov.au/sunburylineupgrade so we can continue to keep you informed about works in your area.

Travel Changes

To ensure the 24-hour works can take place safely, buses will replace trains between North Melbourne and Sunbury from 1.30am Saturday 12 September to last train Sunday 13 September.

For journey planning and service information please visit ptv.vic.gov.au or call **1800 800 007**.
