

Works Notification

Out of hours works

Willaton Street, St Albans

26 June - 6 July 2020

To enable more modern trains to run on the Sunbury line, we are delivering platform extensions, power upgrades and new stabling as part of the Sunbury Line Upgrade. We wish to advise that we will be temporarily using the rail access pad at Willaton Street, St Albans as an access point for construction vehicles to enter the rail corridor.

What we are doing

- Accessing the rail corridor at Willaton Street, near Curtin Street, with construction vehicles on a 24-hour basis.

When

- 9pm, Friday 26 June to 6am, Monday 6 July
- These works will take place during a scheduled shutdown of the Sunbury rail line.

What to be aware of

- These works are expected to generate medium levels of noise and low levels of vibration
- Generator-powered lighting towers may be required during nightworks. Where possible, they will be faced away from residential properties
- There will be an increase in construction machinery travelling on local roads during these works. Traffic controllers will be present at times to assist vehicle and pedestrian movements around the site.

Health and safety

The health and safety of our workers and the community is our key priority as we continue to deliver the Sunbury Line Upgrade, as is supporting physical distancing measures in line with current health advice.

We have strict protocols in place to protect the safety of our construction workforce, including enhanced industrial cleaning arrangements, provision of personal protective equipment and measures to reduce staff contact, including staggered shifts.

For more information about Coronavirus (COVID-19), please visit coronavirus.vic.gov.au

Travel Changes

To ensure the 24-hour works can take place safely, buses will replace trains on sections of the Sunbury Line from 12.45am Saturday 27 June to the last service on Sunday 5 July.

For journey planning and service information please visit ptv.vic.gov.au or call **1800 800 007**.
